

25-Year No-Fault Warranty

All Zhumell binoculars, with the exception of our coin-operated binoculars, have a 25-year no-fault warranty. All other products, including the coin-operated binoculars, have a 3-year no-fault warranty.

When you return your Zhumell binoculars please let us know about the problem that occurred with your particular item. This is important. Sometimes Zhumell owners are particular (that is why we love you) and a flaw that you have noticed may be hard to find by our technician. A letter will speed up the warranty process and save a phone call. (Oh, yes, please include your phone number and an address!)

Since 25 years is a long time, we may have improved or changed our Zhumell products from the time you first obtained yours, therefore it is our option to repair or replace the Zhumell's you sent us. Please note that the maximum limit of liability for losses or damage from any cause shall be the price paid for the Zhumell.

Quick Checklist: How to Send Product to Zhumell for warranty service.

- Box your Zhumell securely
- Include a note explaining the reason your Zhumell needs repair
- Include your daytime phone number
- Include an address for returning your Zhumell product to you
- Include a check or money order for \$15, made out to Zhumell. This is to cover shipping and handling
- We recommend that you send your unit to us by way of UPS or FedEx. This provides a tracking number should your unit become lost or damaged.

Thank you again for purchasing a Zhumell and please feel free to send us comments regarding our warranty or anything that strikes you as important about our company. We always want to hear from you! [Contact us](#) at 1.800.922.2063 or www.zhumell.com.
